Dear students, fellows, and staff members;

We hope you will be able to participate in this year's Matriculation to celebrate your membership in St John's College. Matriculation is a traditional ceremony welcoming new students, fellows, and staff. Semi-formal dress would be appreciated. New members will sign the College's original matriculation register (the first signatures date back to 1866) and receive a College pin.

This year, we are inviting all current members who have not matriculated to participate in the ceremony. Relatives and friends are welcome to attend.

Please give your response to this invitation to Shelly in the General Office, 474-8531. We hope you can join us on September 23!
